

## **Apex Volleyball Club - Player and Parent Code of Ethics 2020-2021**

All players and parents are to represent Apex Volleyball Club in a first-class manner! Everything you do is a reflection of our club both at our home tournaments and at other venues across the state and country! We want people to comment positively on who we are both on and off the court!

### **As a Player, I will:**

Display sportsmanship towards teammates, coaches, and opponents.

Work with my coach and teammates to become an integral member of my team.

Attend all practices and tournaments unless due to a sanctioned school event or illness.

Notify my ***coach*** as soon as possible if I cannot attend a practice or a tournament.

Come on time and ready with the proper practice t-shirt or jersey for all practices and tournaments.

Not use drugs, alcohol, or tobacco products/vaping.

### **As a Parent, I will:**

Display sportsmanship and courtesy toward players, coaches, and opponents.

Encourage respect for officials and line judges (players) by not yelling or arguing calls that are made.

Be supportive of all attempts to remove any verbal and/or physical abuse from all practices and tournaments, including but not limited to foul language.

Applaud hard work and fair play during matches.

STAY AWAY from the playing area during warm-ups and matches. No one is allowed on the court to shag or help in any way unless you have a USAV membership.

Not approach any other player, parent, coach or director in an inappropriate manner.

Encourage my daughter to communicate any unforeseen problems to the coach immediately. If I feel the need to speak with a coach, I will agree to wait until the following Monday after a tournament to speak to the coach to allow a 24 hour period of reflection.

Not bring alcohol or any other chemical substance in a facility where play is being held. If this is breached, Apex will have the right to ban me from any activity including tournaments for the entire season.

Respect the rules of the facility and not bring in outside food or drink and pick up my own trash. It is a privilege to use these facilities and we must respect and abide by all guidelines of the facility.

By signing below, I acknowledge and understand any violation of the Code of Ethics by myself or any member of my family, could result in me being dismissed from participation in Apex Volleyball Club. I also understand that I would NOT be entitled to any refund of fees paid for the season should I have to be dismissed from the club.
